Whoopup Creek	~13	3d	unsuitable	1, 2, 4
Stockade Beaver Creek	No longer in federal ownership			

*Rationale codes:

- 1—Not manageable due to small percent of federal ownership.
- 2—Federal ownership not enough to preserve outstanding values without adjacent nonfederal lands.
- 3—Conflicting management goals on federal, private, and state ownership.
- 4—Currently portions managed as special management area for other values.
